About us

ISUOG

International Society of Ultrasound in Obstetrics and Gynecology

ISUOG is a charitable organisation and the leading international society of experts in ultrasound for obstetrics and gynecology.

The Society includes obstetricians and gynecologists, trainees, medical doctors, scientists, sonographers, radiologists, midwives and other healthcare professionals who work to advance women's health and well-being globally.

Our mission

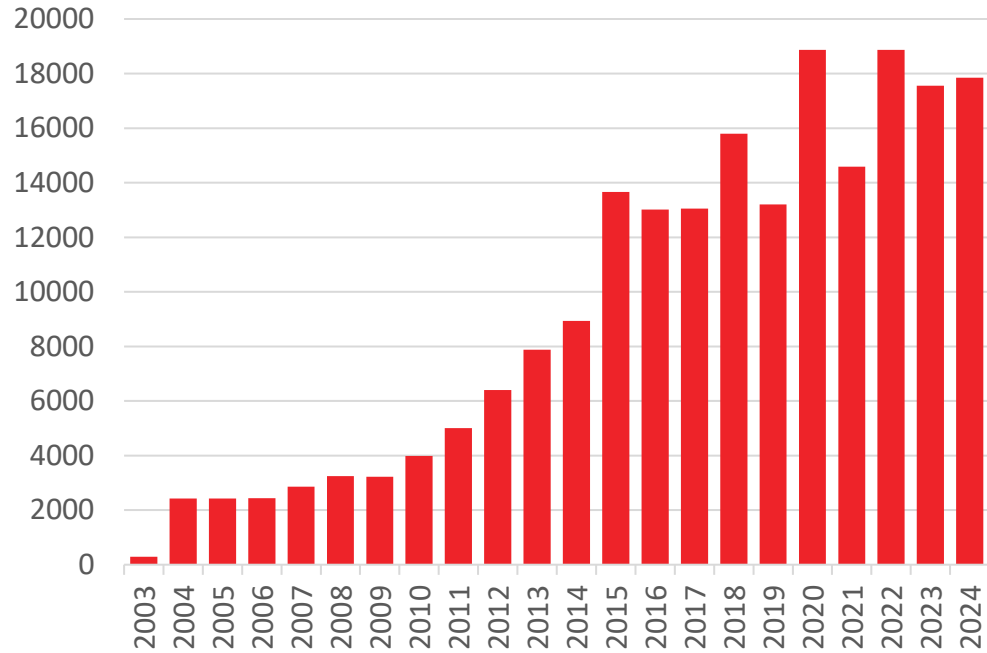

Our mission is to improve women's health through the provision, advancement and dissemination of the highest quality education, standards and research information around ultrasound in obstetrics and gynecology.

How?

We strive to achieve this through our education and training initiatives, our free access guidelines, advocacy through our events and social media platforms and by inspiring research through our publication and growing our reach.

Our society is evolving

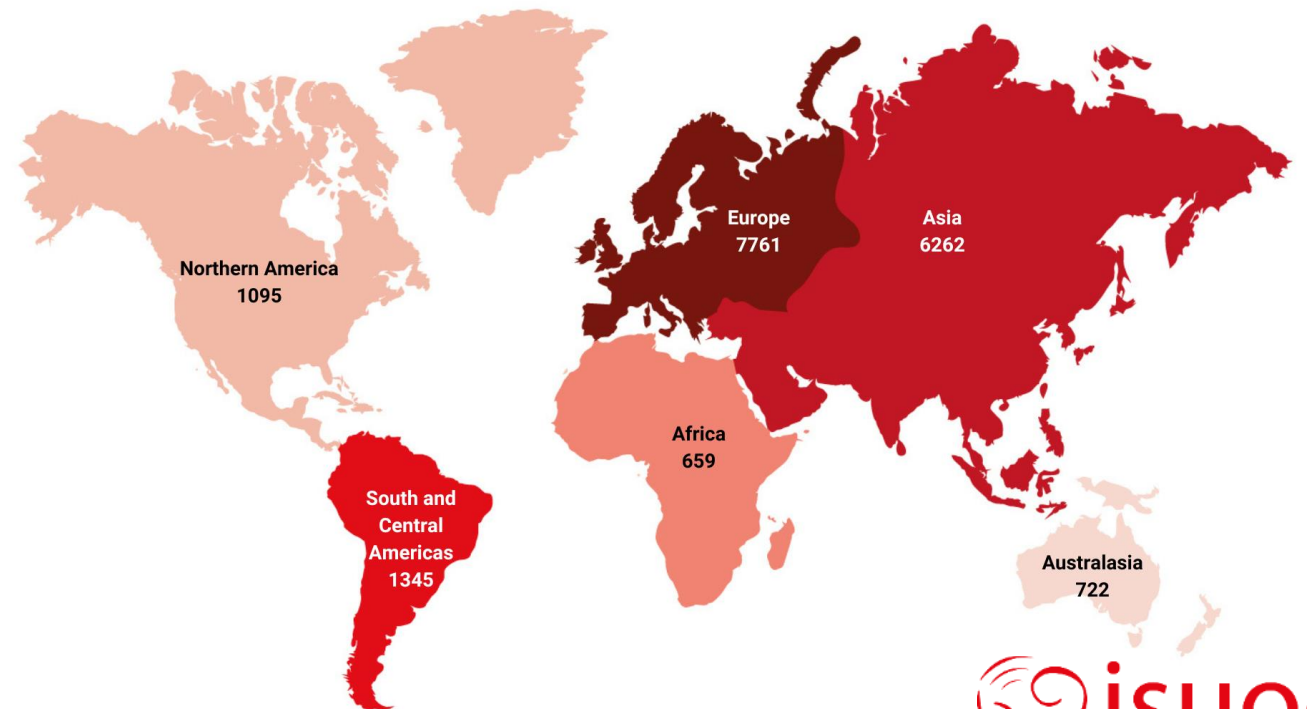

We encourage members from all professions in the specialty, at all levels of training, internationally.

98% of our members would recommend membership to a colleague

ISUOG World Congress Budapest 2024

Membership

ISUOG membership provides you with access to a wealth of educational resources and experts in their field, but also to a global network of like-minded individuals with a shared passion and vision to improve women's health.

Benefits include

- ✓ Access to 650+ top World Congress online presentations
- ✓ Earn CME credit via the ISUOG Academy
- ✓ VISUOG: a visual encyclopedia for ultrasound in obstetrics and gynecology
- ✓ Reduced fees to ISUOG's intensive education courses, on-demand online courses and World Congress
- ✓ Upgrade for full access to the UOG journal

Trainee membership

We offer free two-year membership through institutions.
Ask your institution to email us on info@isuog.org

Benefits include

- ✓ Online subscription to the UOG Journal.
- ✓ Reduced fees to our education courses, World Congress and International Symposium events.
- ✓ Access to over 1000 web resources.
- ✓ And much more...

Visit www.isuog.org/education/basic-training1 for more details and pricing

Outreach

ISUOG Outreach builds a sustainable national health structure for providing OBGYN Ultrasound to all women in a specific underserved country. Outreach helps a country to provide quality and accessible care to all its women through training their trainers to raising the level of their skills and knowledge.

In 2025 ISUOG is running Outreach programmes in Egypt and Kyrgyzstan!

Visit <https://www.isuog.org/education/outreach> for more information

VISUOG

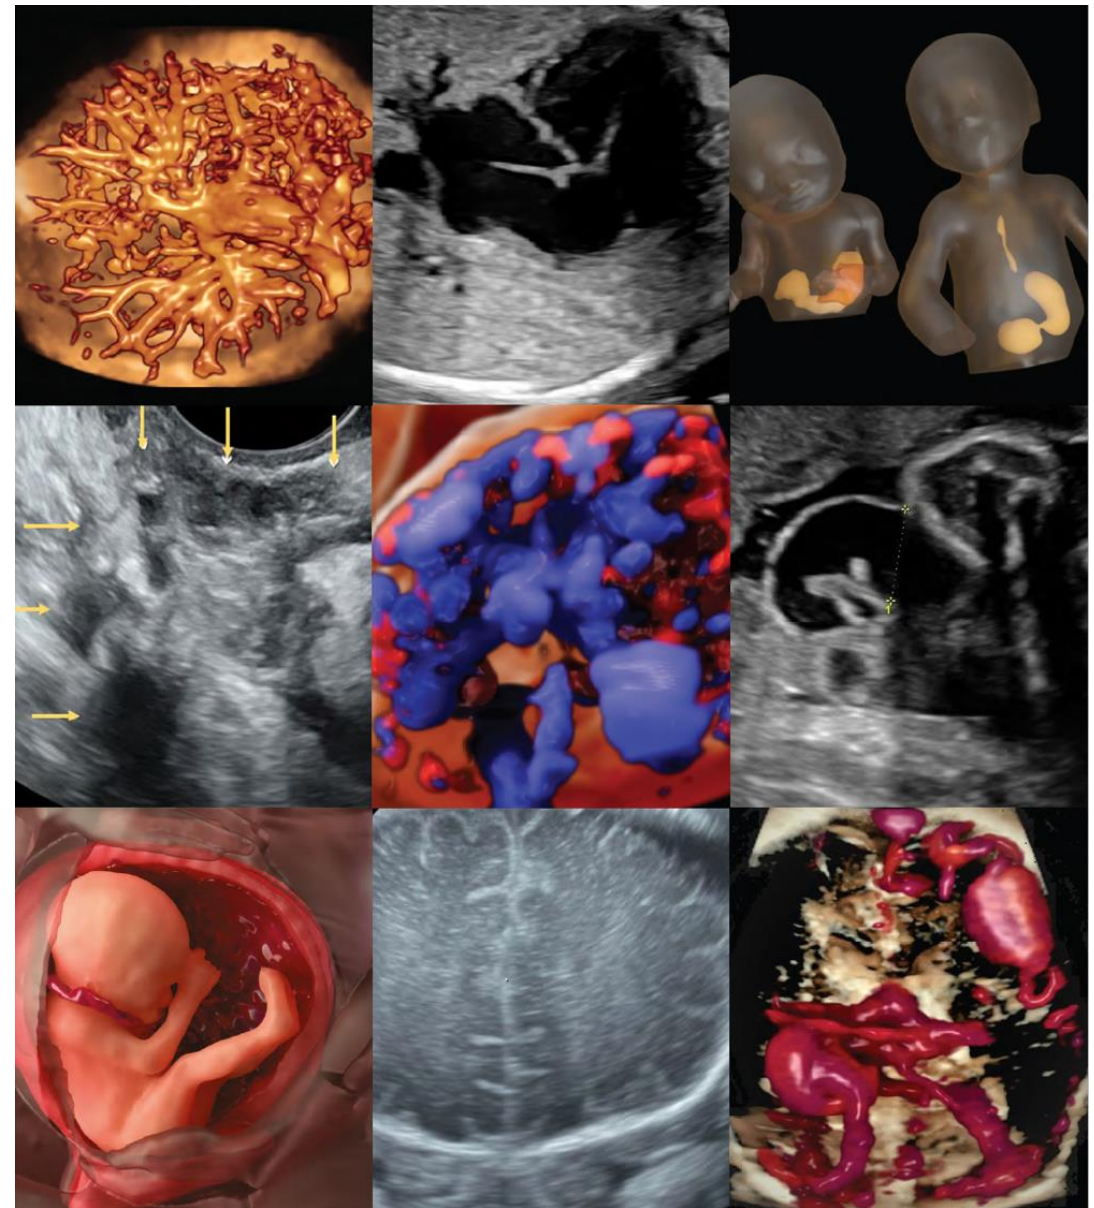

Explore VISUOG our visual encyclopedia for ultrasound in obstetrics and gynecology.

We have over 300
VISUOG chapters
published!

Get involved

VISUOG is an entirely member-driven learning resource and is constantly expanding. You can get involved by contributing images and video clips, reviewing chapters or publishing your own chapter.

Visit www.isuog.org/education/visuog for more information

Run a BT

ISUOG now offers universities and training institutions the opportunity to run an ISUOG Basic Training program. ISUOG provides educational resources and administrative support at no cost.

Delivered by your own faculty in your own time

- ✓ Resources and administrative support provided
- ✓ Flexible and cost-efficient
- ✓ Certification of completion can be obtained

ISUOG Podcast

ISUOG Podcast brings together healthcare professionals for interactive and engaging discussions on various topics in the OBGYN field and ultrasound.

Each episode features experts who share their insights, expertise, and knowledge. They discuss the challenges, limitations, and innovative solutions within the field.
