

**Hypertension in pregnancy:  
screening, prevention, and  
monitoring**  
Saturday 18 September 2021

**Livestream course program**

**Learning objectives:**

- To learn different components of preeclampsia screening models
- To learn aspirin prevention of preeclampsia
- To learn novel monitoring options of preeclampsia
- To learn alternative prophylactic options for the prevention of preeclampsia

<b>Time (timezone BST)</b>	<b>Mins</b>	<b>Item</b>	<b>Speaker – Prefix, full name</b>
08:00	5	Setting the scene	Liona Poon (Hong Kong); Fabricio da Silva Costa (Australia)
<b>Screening</b>			
08:05	20	Pathogenesis	Chris Redman (UK)
08:25	15	First trimester screening	Liona Poon (Hong Kong)
08:40	10	Second trimester screening	Fabricio da Silva Costa (Australia)
08:50	10	Measurement of uterine artery Dopplers	Walter Plasencia (Spain)
09:00	10	Measurement of blood pressure	Liona Poon (Hong Kong)
09:10	15	Quality assurance	David Wright (UK)
09:25	10	ISUOG guidelines	Fabricio da Silva Costa (Australia)
09:35	20	Panel discussion	All faculty
<b>09:55</b>	<b>30</b>	<b>Refreshment break</b>	
<b>Aspirin prevention</b>			
10:25	15	Aspirin prevention	Daniel Rolnik (Australia)
10:40	30	Implementation	Jon Hyett (Australia); Basky Thilaganathan (UK)
11:10	15	Health economics	Jon Hyett (Australia)
11:25	15	Beyond ASPRE	Kypros Nicolaides (UK)
11:40	20	Panel discussion	All faculty
<b>12:00</b>	<b>30</b>	<b>Refreshment break</b>	
<b>Monitoring</b>			
12:30	15	Cardiovascular profiling	Christoph Lees (UK)
12:45	15	Biomarker discovery	Anthony Perkins (Australia)
13:00	15	Angiogenic markers	Sarosh Rana (USA)
13:15	15	Short term prediction	Stefan Verlohren (Germany)
13:30	15	Panel discussion	All faculty

<b>Alternative prophylactic agents</b>			
13:45	15	Other therapeutics	Stephen Tong (Australia)
14:00	15	Low molecular weight heparin	Elisa Llurba (Spain)
14:15	15	Novel therapies	Ananth Karumanchi (US)
14:30	15	Panel discussion	All faculty
<b>14:45</b>		<b>Feedback and close</b>	<b>Liona Poon (Hong Kong); Fabricio da Silva Costa (Australia)</b>
