INSTRUCTION & OTHER DETAILS ON DOCUMENTS FOR CUSTOMS CLEARANCE

If the goods are coming from a non EU country and customs clearance is needed, the **address on the pro-forma invoice** should be like down below:

Consignee

Schenker Ltd.
Leshegy str. 30.
H-2310 Szigetszentmiklós
c/o Name of the Event 2024
1101 Budapest, Albertirsai út 10.

Notify party

Name of Exhibitor
c/o Name of the Event
Hall: Booth:

Please pay attention on the customs documentation to be properly filled and fully presented, on time.

For temporary entry we strongly suggest to use **ATA Carnet in order to secure a smooth process of clearance** .

For **temporary entry** , documents must be stated as „**No commercial value! Value for Customs purposes only. Free of charge**”.

By temporary clearance with pro-forma invoice a **customs deposit** is required for full covering of calculated import duties and taxes. The deposit will be refunded when shipment leaves EU territory - or will be imported - in a proper way.

By **final customs clearance** for promotional materials please declare on the invoice that: „**Free of charge, the goods will be used for promotional purposes and will be consumed or distributed free under the visitors of the event and will not be sold.**”
Import duties and taxes are to be paid before starting of the clearance!

Customs may open any boxes or other items therefore we strongly recommend to secure the crates with cable ties to prevent the need to break locks.

Please also note, a lot of product groups (electrical goods, toys, pressure equipment machinery, medical devices, etc.) have to show CE marking. The directives requiring CE marking you can see under: https://en.wikipedia.org/wiki/CE_marking

Please use our attached Combined Pro-forma invoice/Packing list forms in every cases!

This document should be completed per shipment and should include all exhibitions materials within the shipment as well as detailed information of all items within each box & package:

- Detailed description of each item within each package including chemical or hazardous substances as well as make and model information
- Total value and unit value of each item
- Weight and dimensions of each item
- Identification numbers (production/serial numbers) of returnable items (machines, tools, instruments etc.)
- customs tariff code (H.S.)
- Package numbers/marks

Importing products of animal,plant origin,hunting accessories & cultural goods

For the above items as a first step we have to check with the relevant authorities the required permits. In certain cases –depending on the nature of the item or the country of origin – more than one type of permit may be required.Certain types of documents may need to be aquired before a permit is applied for or before entry to Hungary or the European Union. For permit applications we will be happy to assist you.

COURIER SHIPMENTS

It is not recommended to use a courier service for shipping your goods to the venue because of the uncertainty of the customs clearance process. In case of sending a courier shipment, please be sure to send us a pre-advice with the full details of the shipment:

- Courier company
- Number of pieces
- Tracking number
- Proforma invoice/packing list

Please note that customs clearance in most cases won't be done by courier companies without a detailed order given by Schenker Hungary and in many cases the import duties are to be paid by Schenker Hungary even if transport conditions are DDP. Please ask for quotation and instructions before shipping.

General information about importation of food, goods of animal origin, pharmaceuticals, alcohol, endangered species, products with medical character

a) Plants/flowers/fruits/vegetables

A phytosanitary certificate issued in the country of departure must accompany above mentioned goods.

b) Protection of endangered species

The Washington Agreement for the protection of endangered species and wildlife is always applicable in respect of so-called “exotic Animal and Plant products”

c) Pharmaceuticals/products with medical character

Pharmaceuticals as well as products with medical character trait are prohibited to be imported as they are considered as medicine

d) Alcoholic beverages

For the importation of alcoholic beverages **in a very limited quantity** following details need to be listed on documents

Bottle capacity, percentage of alcohol, total number of bottles, total amount of litres, kind of article (whisky, beer, liqueur...)

e) Products of animal origin

(e.g. honey, milk products, products containing eggs, all kind of meat)

It is mandatory to have public health- veterinary certificate for all products which are of animal origin. Border Control at the first European border by veterinary office is binding. For those kind

CASE MARKING & PACKING

All wood packing material used in the shipping of freight to Hungary must comply with current ISPM15 regulations. All wood packing material must clearly bear the markings confirming it has been treated in accordance with ISPM 15 regulations.

The packaging primarily has to protect the goods! All boxes and pallets must have a label filled completely and securely attached to a minimum of two sides of the collis.

All labels must show following information:

- Name of the Exhibitor
- Name of the Event 2024, Budapest, Hall & Booth number
- Number of cases/pieces
- Gross weight (kg), measures (L x W x H in cm)

Schenker Ltd. will not take any responsibility for goods not packed and marked the proper way!

CARGO INSURANCE

It is the responsibility of the participants to ensure that they have adequate Insurance for their goods whilst in transit to and from the venue, whilst there and/or in storage and also in transit to other destinations. Schenker Ltd. Can provide competitive cargo insurance upon written request.

DANGEROUS GOODS

Items considered dangerous Goods should be accompanied by the correct IATA/IMDG hazardous Goods Declarations and Material Safety Data Sheets. Schenker must be informed in advanced and the documents covering items considered hazardous for transport must be sent in advance of its arrival in Hungary. Any item such as adhesives, batteries, paints, glue's could be considered dangerous for transport and should be checked with your freight agent or Schenker prior to dispatch.

ONSITE HANDLING FOR EXHIBITION GOODS

Schenker Fairs & Events will be present onsite during the whole period and will provide all handling onsite with forklifts, cranes, etc. Specific lifting equipment (cranes, high capacity forklifts, heavy machine moving tools, scissor lifts etc.) can be provided on request. Please place any onsite handling order by e-mail to our general e-mail address: schenker.expohungary@dbschenker.com

Unloading / delivery to booth can be arranged only from the 1st day of the defined building days. Schenker Ltd. will start the (written) ordered logistical services, if the exhibitor or stand-builder or another authorized representative is present. Without them, services will not take place, the goods will be taken to a secure storage area if Schenker Ltd. gets a written order about warehousing.

Ordering any equipment or on site logistic services from Schenker Ltd. (forklift, hand-forklifter, etc...) is possible by filling the valid order form, and sending it in advance, signed and stamped.

Booth delivery on the last build-up day may be sluggish because of the carpeting the indoor transport ways. By planning booth delivery pls. consider that on these days indoor working with forklifts may not be allowed by the organizer!

DRIVE IN WITH TRUCKS

Pls. Instruct your carrier, don't enter the expo site before contact the Schenker Team because of unloading/loading. Our team will inform the driver about entry gate and waiting place for near the hall.

In Budapest the traffic of big trucks is limited. To get to the expo site with trucks over 12 tons total permitted weight, a special drive-in licence is needed, which can be arranged by Budapest Traffic Center (BKK) by the transport company. If you are not able to get this licence, we can provide an escort service based on a prior agreement.

HANDLING OF EMPTY PACKAGES

Handling of **empty packaging** and **full goods** should be done according to a prior agreement.

All kind of packaging material made of paper, plastic, wood, metal, etc... will be handled as empty packing material. After marking them with labels by the exhibitor Schenker will take only the labelled items and return them at an agreed time. The unmarked items will be thrown away at the very last build up day.

Equipments, stand building materials, all kind of parts, tools, machines (lifters, carts, etc. will be handled as full goods. Take over and return is made only from-, and to directly the hand of Client. Timing is discussed and agreed prior to job. Hand over is verified with signature.

Labels for marking, can be taken from Schenker office at the Fairground or from Schenker team members visiting your booth. Unused ones should be returned.

UPLOADING AND LEAVING

Loading and exit from the venue is allowed only with an approved „ Delivery Permission” by Hungexpo that must be presented for Schenker before starting to load the truck. Schenker Ltd. is not allowed to issue or to validate this document. Long - time parking is strictly prohibited.

Schenker Ltd. Is not responsible of damage / lost / theft of goods, which are left unattended at the booth.

TERMS AND CONDITIONS OF PAYMENT

All invoices containing the prices of the local logistical services, will be issued by Hungexpo Co & Ltd.
