ISUOG Education Course: Fetal anomalies, 3-5 May 2019

Satellite

Welcome

We are delighted you have agreed to host the **ISUOG's Education Course: Fetal anomalies** via live streaming from **Athens on 3-5 May 2019**, and we have prepared the below joining instructions to assist your participation and hope this information helps you prepare for the course. We wish you every success for an enjoyable course.

Certificates of attendance

All delegates who have joined your satellite event will be sent a link post course to fill in an online evaluation form to receive a Certificate of Attendance. Once this survey has been completed you will be redirected to our website where you can download and print off your personalised certificate.

CME

This course has been awarded 15 European CME credits (ECMEC) by the European Accreditation Council for Continuing Medical Education. Please note that live stream delegates can obtain CME points provided they **watch the content of the course live**. In order for all satellite participants to obtain CME points they must sign the attached Attendance Sheet each day that they attend the course and the satellite host will then need to scan the Attendance Sheet per day and send to congress@isuog.org

Course materials

Please click [here](#) to download the course program, and [here](#) to review speaker biographies.

Lecture recordings

The course will be professionally recorded. After the event has concluded, the lecture recordings will be available for review on demand by registered delegates until 6th June 2019 on the live streaming website. After this point, some of the lectures may be made available on ISUOG's CME platform. The selection of lectures available from the course will be at the discretion of, and on a timeline determined by, ISUOG's Education Committee.

Log-in details

Closer to the event you will receive your login details for the live streaming website directly via email. Please get in contact with us if you have not received these by Tuesday 30th April 2019.

Technical considerations

Before the event, check that your internet connection is sufficient to stream the course. You don't need any VC (Video Conferencing) equipment at all. To test the connection in advance you just need to go to YouTube and watch a video to prove whether or not your connection is strong enough. Please click [here](#) to view our live-stream checklist which should help you with any problems you may

Membership

Following the course, satellite participants will receive either one year's complimentary basic ISUOG membership for trainees or pay €12 per non-member delegate to cover their reduced membership fee. Details of this will be sent to all delegates via email on receipt from the satellite host of a final list of delegates, compiled using this spreadsheet, and, where applicable, payment of the total cost per person due.

Timing & Interaction

The program will broadcast on Eastern European Summer Time (EEST). We recommend you login at the equivalent local time to ensure you can ask technical and clinical questions of our speakers and moderators. Unfortunately, we cannot respond to queries submitted to the live streaming website outside of course hours.
