If you did not receive access to Session 1 due to late registration, you will be able to watch what you missed on-demand. We apologise for the inconvenience. If you registered on or before Friday 26th April, this does not apply to you.

Timing and interaction

The program will broadcast on BST (British Summer Time). You can use the [Time Zone Converter](#) to check your local time. During the live session share your questions via the chat box on the livestream page – these will be discussed during the Q&A sessions. Technical considerations

- We recommend you use Chrome or Firefox, not Internet Explorer. Internet Explorer is not supported.
- Connect your device to the internet via a Broadband or other high speed connection and depending on the device you are using we recommend you use headphones or speakers for optimum audio.
- Login 10 minutes before the course starts to test your connection; if you can stream any video on your internet connection and if it plays smoothly then so will the course livestream.
- If you are already logged in but experiencing problems viewing the webinar, refresh your browser and press play again.

We look forward to seeing you on Sunday!
